**AKCELERANT SIGNS 13 FINANCIAL INSTITUTIONS IN THIRD QUARTER**

MALVERN, PENNSYLVANIA – October 14, 2009 – Akcelerant announces the addition of 13 new customers in the third quarter of 2009. These financial institutions all signed on to use the Akcelerant Framework for Collections, and many chose to leverage Akcelerant’s powerful connectors to integrate with industry-leading service providers. Along with a robust collection feature set, Akcelerant has the unique ability to deliver key business services through its innovative software. This was a driving force behind this quarter’s success.

Akcelerant’s newest customers represent a diverse group of banks and credit unions. In the third quarter, Akcelerant signed several banks including K Bank, a Maryland-based, Open Solutions customer, and some of the largest credit unions in the industry. North Island Financial Credit Union, an Open Solutions customer with 1.4 billion in assets and 98,000 members, Anheuser-Busch Employees Credit Union, a Missouri-based credit union with 1.2 billion in assets, and TruMark Financial Credit Union, a Symitar customer with 1.2 billion in assets, are all now implementing the Akcelerant Framework.

“Regular feedback we receive tells us that now, more than ever, customers want a collection platform that meets their business needs and also connects them to the value-added services they are using every day. At Akcelerant, we have always believed this to be true, and the Framework was built with this in mind. We will continue to advance this vision and carry on Akcelerant’s reputation as a provider of truly connected technology,” states Eric Snyder, EVP of Business Development at Akcelerant.

**About Akcelerant**

Akcelerant, with offices in Malvern, Pennsylvania and Vancouver, British Columbia, provides connected software applications to the financial services industry through multiple product lines and integration to best-of-breed service providers.
